What Information Is Collected?

At Jland, we limit our collection of personal identifiable information of our users to the registration process which is done by the parent or the guardian of the child who will be using the Site. This information is collected so kids can participate in activities without giving unnecessary personal information and to receive personalized and appropriate learning experience and materials. Jland does not condition a kid's participation in any of our online activities on the disclosure of more information than is reasonably necessary to participate in the activity.

Parental Access

At **Jland** we want to help parents ensure that their kids have a safe and fun online experience. For this purpose, Parents (or guardians) can print out and mail or fax us a signed form that allows them to review any identifiable information collected about their child, request that such information be

deleted, and/or that there be no further collection or use of their child's information. Compedia takes steps to verify the identity of parents or legal guardians requesting information about a child and to ensure that the person is in fact the child's parent or legal guardian.

For kids

Remember to be smart online. Do not give out your full name, e-mail address, home address, telephone number or any other personal information that would enable someone to contact you either online or offline, without first asking your parent or guardian for permission. Sometimes on our **Jland** site we will ask you for your first name and e-mail address along with your parents' e-mail address. We do this so that we can contact your parents to let them know that you have communicated with us, and that we have collected this information from you.
